

EXAMPLE GOAL 3 – NATURAL SCIENCE CIM FORM

The Course Inventory Management System houses all courses at the University. There will be questions before the KU Core portion of the form that are specific to programs or degree requirements. Those questions are not included those on this form.

Course number and name: _____

Department: _____

Cross-listed course department and course number(s): _____

Goal 3N Questions - Abstract

- Provide an abstract (1000 character maximum) that summarizes how this course meets the learning outcome.

Goal 3N Questions – Application for Approval

- State how your course or educational experience will use assignments, readings, projects, or lectures to move students from their current knowledge to a deeper understanding of specific concepts fundamental to the area(s) in question.
- State what course assignments, readings, class discussions, and lectures will synthesize the development over time of the principles, theories, and analytical methods of the discipline(s).
- State what learning activities will integrate the analysis of contemporary issues with principles, theories, and analytical methods appropriate to the area in question.
- State what course assignments, projects, quizzes, examinations, etc. will be used to evaluate whether students have a functional understanding of the development of these concepts, and can demonstrate their capability to analyze contemporary issues using the principles, theories, and analytical methods in the academic area.
- Attach a syllabus and any other additional supporting documents.
